

BASIL DSOUZA

SUMMARY & OBJECTIVE

I am a Java Developer with experience in application as well as web application development.

Summary:

- ▲ Good Object oriented design skills
- ▲ Strong java programming skills
- ▲ Quick at learning and keeping up with new technologies
- ▲ Professional written and verbal communication skills

My desired profile is one where I can utilize my current programming skills and gain experience in software designing.

I am looking for a challenging work environment, with room for me to broaden my existing skill set, as well as learn new technologies.
